

PRODUCT DATA SHEET

ANDEROL DDO

3H Food Grade Dough Divider Oil

ADVANTAGES/BENEFITS

Vegetable oil of high quality with sunflower lecithin, which is acting as emulsifier and antioxidant. The antioxidant stabilizes the product against oxidation and thermal degradation, caused by high temperatures at which the product is subjected in the baking process.

It avoids the premature formation of oil degradation products due to exposition of temperatures above 200°C, that could alter the properties of the edible product, and even lead to the formation of toxic components above 250°C.

Its natural polarity, viscosity and adherence yield a high lubricant power that avoids premature wear of moving parts in Dough Divider machines: pistons and cutter-guides.

Due to its high adherence to metal, it offers high performance that results in economical use, respective to other oils.

Anderol DDO is a vegetable oil particularly designed for dough dividers. Edible vegetable oil with sunflower lecithin (E-322).

ANDEROL DDO is NSF/3H registered.

PROPERTIES	TEST METHOD	ANDEROL DDO
Appearance @ 20°C	visual	Clear Yellowish Liquid
Viscosity @ 40°C, cSt	ASTM D-445	32.4
Viscosity @ 100°C, cSt	ASTM D-445	7.26
Viscosity Index	ASTM D-2270	198
Density @ 15°C	ASTM D-1298	0.92
Flash Point, °C	ASTM D-92	250
Pour Point, °C	ASTM D-97	-27

FOR MORE INFORMATION PLEASE REFER TO THE RELEVANT MATERIAL SAFETY DATA SHEET

APPLICATION

- Lubricant for Dough Dividers in the baking industry
- Protective coatings for food stuffs
- Dust control agent
- Release agent
- Forming and rolling of aluminum foil
- Meat hook and butcher equipment lubricant
