

Topic: QM Documentation
Subject: EU regulations (EC) 1935/2004 Statement
Validity: Internal drum lining - RDL® 50

Summary: RDL® 50 is in accordance with EU regulations (EC) 1935/2004

Doc No.: 1001/50-EC

Date: January 2015

Tri-Sure Paints & Linings confirms that our internal phenolic drum lining

RDL® 50 is in accordance with the requirements as set in the

EU regulations (EC) 1935/2004

on the use of coatings intended to come into contact with foodstuffs.

The migration tests are performed according to the (EC) 10/2011.

Above statement means that the cured lining is allowed to be used as an internal coating for steel drums in the food industry.

For further information on this subject, please contact Tri-Sure Paints & Linings.

Yours faithfully,

A handwritten signature in blue ink, consisting of a stylized, cursive 'H' followed by a long horizontal stroke and a vertical stroke that loops back up to cross the horizontal one.
